

**CITY OF PONTIAC GENERAL EMPLOYEES' RETIREMENT SYSTEM
SUMMARY ANNUAL REPORT TO MEMBERS
DECEMBER 31, 2014**

Dear Retirement System Member:

The Retirement System, which is managed by the Retirement Board, is designed to help you meet your financial needs should you become disabled, retire or die.

The Retirement Board's fiduciary responsibility to you is to supervise the general administration of the System and to invest its assets. Our Board retains professional advisors to assist in fulfilling these duties.

We have prepared this summary report to give you a brief overview of the Retirement System and how it operates. We hope you will find it useful and informative. However, a summary cannot cover all the details of the System, which is governed by the provisions of the City's charter, the City's Retirement Ordinance, State of Michigan Statutes, the IRC and the Retirement Board's official rules and regulations. Additional information and more detailed reports about the System's operations are available in the Retirement Office or you may visit www.pontiacgers.org.

Respectfully Submitted,

***The Board of Trustees
City of Pontiac General Employees' Retirement System***

SUMMARY RESULTS OF ACTUARIAL VALUATION

Your Retirement System's financial objective is to accumulate the assets necessary to pay the promised benefits in an orderly manner. To accomplish this, contribution rates are established in a manner that is designed to keep those rates approximately level as a certain dollar amount from year to year. The Board of Trustees of the City of Pontiac General Employees' Retirement System confirms that the System provides for the payment of the required employer contribution as described in Section 38.1140m of Michigan Public Act No. 314 as amended. To determine an appropriate employer contribution level for the ensuing year and to gauge how the System's funding is meeting this fundamental objective, an independent firm of actuaries and employee benefit consultants, Rodwan Consulting, conducts annual actuarial valuations. These valuations are based on your System's past experience, information about current participation, financial markets and assumptions concerning the System's future demographic and economic activity. The results of the December 31, 2014 valuation, based on the established funding objective, are summarized below:

ACTUARY'S OPINION

It is the actuary's opinion that the contribution rates recommended in the most recent actuarial report are sufficient to meet the System's financial objective. The Board of Trustees confirms that the System has received the required employer contributions for the years shown above. The actuarial assumed rate of investment return for the year ended December 31, 2014 was 11.67%. The System is closed to all non-MAPE employees hired after April 1, 2013.

*In 2013, the Employer's Normal Cost calculation was changed from a level % of payroll to a level dollar. The Employer's Contribution Amount as a % of payroll is 0.00%. The Employer's Normal Cost as a % of valuation payroll is 17.63%.
